Open House featuring
St. Johns County's new DS200 voting equipment.

June 8, 2010

10 AM – 3 PM

Location:
Supervisor of Elections Office
4455 Avenue A, Suite 101
St. Augustine, FL 32095

The DS200s were recently purchased to replace our outdated Optech III-P Eagles, and are the latest in digital scanning technology – state-of-the-art, precise ballot scanners. A new ballot design will be used with the DS200s.

The DS200s will be used beginning in the August 24th Primary Election.

Also on display will be a collection of historical voting ledgers and election equipment, cherished reminders of the progress we've made through the years to achieve the high quality standards of today's election services that we provide to the residents of St. Johns County. Come celebrate this very special event with us.

Registration will be available for new voters. It's also a great time to update your current registration for name, signature, and address and to request an absentee ballot . We look forward to your participation !
